

International Student Program

In consideration of the scope of our vision, *Fully Devoted Students...Leveraging Influence, Impacting Lives*, the Cornerstone Christian Academy (CCA) International Student Program exists to expose international students to an environment where students receive an excellent education based on God's word, realize their unique purpose in God's plan, and respond productively to God's call. The program emphasizes academic rigor and college preparedness within a Biblical worldview in alignment with the school's statement of faith. International students are expected to comply with all policies of the *CCA Family Handbook*. It is our desire that students are taught and discover how to gain and develop a close, personal relationship with Jesus Christ and with others.

CCA accepts international students who demonstrate proficiency in the English language. Students may be asked to provide proficient English language scores on an approved assessment. Other factors of acceptance include enrollment availability, academic history, maturity, and parental support. Students who have demonstrated a history of strong academic achievement will be granted priority admission. Students are encouraged to be involved in extra-curricular activities. Those participating in the school's athletics program must meet all CCA requirements and must be in compliance with the Kentucky Christian Athletic Association (KCAA) and/or school associations.

Students within the International Student Program are required to live with a local family. If the student's biological parents are not living in the area, each student will be placed with a Christian host family. All CCA host families must be screened and approved by the school, with criminal background checks done on each adult member living within the home. Students are expected to actively participate in the life of the family, inclusive of attending church services.
